Aloha FCC Commissioners,

Subject: Response to FCC orders on Sandwich Isles Communications, WC Docket No. 10-90

I am writing in support of Sandwich Isles Communications (SIC), which provides basic phone and Internet service to underserved and unserved homesteaders. These services are critical in today's society, and SIC has been providing them exclusively to homestead areas, including those in remote and sparsely populated areas that other companies did not want to serve. We understand that the FCC has yet to respond to affidavits submitted by SIC's national cost accounting firm, which advises 150 rural telephone companies in the United States, including SIC, that the FCC audit is flawed and that SIC has complied with industry standards and accounting practices. The FCC's threat to discontinue SIC's study area is unwarranted, arbitrary and unfair to SIC and native Hawaiians living on Hawaiian Home Lands. For the sake of Hawaii's people, I urge you to ensure that native Hawaiians are able to benefit from the federal programs that allow SIC to provide today's technology at affordable prices Thank you.

Sincerely, 74 John to	_Signature	SIC Subscriber	Yes	No
